Dear Penny,

Thank you for your letter of 19 November to the Secretary of State regarding the Office for Statistics Regulation's review into how well embedded Intelligent Transparency is across government. I am replying as the Minister for Local Transport.

I appreciate you taking the time to highlight the review findings and I was encouraged to hear that good progress is being made on this important matter.

The Department for Transport recognises the importance of the principles of Intelligent Transparency, and I was delighted to see some of the proactive steps taken by my department positively highlighted in the report.

Your letter specifically highlighted the importance of recommendation 4 from the review, which asks ministerial departments to publicly commit to Intelligent Transparency. I endorse this recommendation, and my officials are considering how best to address this action.

I look forward to seeing the continued contribution of UKSA in supporting delivery of the Standards for the Public Use of Statistics, Data and Wider Analysis across government.

Best wishes,

LILIAN GREENWOOD MP
MINISTER FOR LOCAL TRANSPORT
